

VELEGURA

ANASTASIIA VELEGURA · DJ · LONDON

A stylist by trade, she builds a set the way she builds a look: references, layers, and one thing you didn't see coming.

Anastasiia Velegura is a London-based stylist and costume designer with more than ten years in fashion, music and advertising, from Eurovision in Liverpool to editorials for Vogue and Elle and campaigns for Mercedes-Benz, Diesel and Coca-Cola.

Behind the decks she works the same way. She reads the room like a brief, moves between house, electro, r&b and hip-hop, and builds the night around the people in it.

She plays London clubs, private events, brand and fashion nights, and weddings, and turns up dressed for each one.
